Township ordinance § 372-8, provides "No person shall encumber or obstruct any street or public place with any article or thing whatsoever unless permission has been first obtained in writing from the Township Committee of the Township of Jackson."

Requests to the Council for such permission must be in writing, addressed to the Council and provided to the Township Clerk. Requests must specify the location, type of object and reason for requesting permission.

Respectfully,

Helene Schlegel, MS, MPP, CPM
Business Administrator
Jackson Township

It has been brought to my attention that there was a official request made of you and the administration to help us get municipal consent to build a eruv on the utility poles. This is a long and hard process that really can only move forward with your help. Eruvs on utility poles are done with the utility company's permission and are obviously up to their safety standards. These Eruvs are not a eyesore and a eruv is a "reasonable religious accommodation". Please help us move this forward in the right way. Please help in order that we dont go down down the path of other towns of division and strife.
